

WHOLECLAIM CHECKLIST

Water Damage Checklist

What to photograph and record before cleanup starts, if a pipe, appliance, or storm has left standing water in your home.

IMMEDIATE ACTIONS

- ☐ Shut off the water source if you can identify it
- ☐ Note the date and time you discovered the damage
- ☐ Address safety concerns before documenting anything

DOCUMENT THE DAMAGE

- ☐ Photograph the point of entry
- ☐ Photograph the standing water level
- ☐ Photograph affected walls and flooring
- ☐ Photograph affected belongings

KEEP RECORDS

- ☐ Save any repair invoices
- ☐ Save any plumber or restoration company estimates
